

30kW Energy Storage Cabinet for Environmental Protection Project

Overview

This air-cooling outdoor cabinet is now available on the market with a 30kW hybrid-coupled system, capable of both on-grid and off-grid operations. Additionally, H30 could be programmed to discharge and meet the energy demand on project basis, designed for small businesses. Looking for a versatile outdoor energy storage solution?

Check out our 30 kW/90 kWh cabinet! Perfect for demand regulation, peak shifting, and C&I energy storage, with a flexible split design and easy Individual pricing for large scale projects and wholesale demands is available. Outdoor energy. AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands. Split design concept allows flexible installation and maintenance, modular. The SunArk Cabinet Energy Storage System offers a reliable and efficient solution for harnessing and storing solar energy.
