

47U Server Rack for Highway Use

Overview

With internal depths from 600-1200mm, these 47U racks are designed to house standard 19inch rack mountable devices using slide rails, shelves or trays. Additional cabinet options cover lockable front and rear door types, cable management and blanking plates for efficient air. Wide Server Rack Accommodates 47U of Rack Equipment and Side Cable Management This SmartRack® 47U server rack is designed for network wiring closets, retail locations, classrooms, back offices and other areas with essential rack-mount IT equipment. It. 47U server racks and floor standing data cabinets from Server Room Environments are one of the largest available and are designed to provide a complete and secure protective enclosure system for servers, IoT, Edge computing and networking devices. The IBM Dynamic Expansion Rack, a 42U, industry-standard 19-inch rack, complements the IBM Dynamic Standard Rack with additional rack-mounting space. That range delivers full EIA-310-D compliance, 950kg static load capacity, and airflow-ready front/back ventilation—without paying premium for 800mm width or integrated PDUs you won't install yet. Skip bulk Alibaba listings under \$200 unless you've verified structural weld integrity and local.
