

Inverter 12v to 220v digital display

Overview

This car charger power inverter is also equipped with digital display, which allows you to see the data directly. It significantly reduces the charging time for. The ClimatePartner certified product label confirms that a product meets the requirements for the five steps in climate action including calculating carbon footprints, setting reduction targets, implementing reductions, financing climate projects and communicating transparently to continuously. □Why choose it□This pure sine wave inverter is a power converter that converts 12V/24V/48V/60V DC to 220V AC. The output power can be used for a variety of device types, making it the ultimate car charger for car travel, vacations or remote workplaces. □Multiple Protections□Low voltage, overload. Finding a reliable 12 volt to 220 volt inverter is essential for converting DC power from batteries into steady AC power for various applications. Material: Aluminum-magnesium alloy shell Design and Style: Sleek, lightweight, and efficient Usage and Purpose: Converts DC power to AC power for various electrical appliances Performance and Property: High conversion efficiency up to 95% Parts and Accessories: Includes an English user manual, a.
