

What type of solar outdoor power cabinet is it

Overview

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet. It delivers clean, stable power for telecom base stations located in off-grid or unstable-grid. Sunark outdoor ESS cabinet offers IP54 protection, 215kWh capacity + 100kW output, modular design, 480-700V wide voltage, 125A peak current, integrated EMS/BMS/hybrid inverter, and grid-tied outdoor readiness. Sustainable, high-efficiency energy storage solutions. It has an IP65 high protection level and corrosion-resistant materials, and is suitable for harsh conditions such as high temperature and humidity. It adopts intelligent temperature control and modular structure. This outdoor cabinet for energy storage system (ESS) applications is engineered to house batteries, inverters, and controllers with superior protection and durability.
